

A complete fleet to meet all of  
your heavy lifting needs

## Why JJ Curran?

JJ Curran Crane brings the highest level of expertise and safety to every job. The creative thinking of our staff, paired with the best equipment available in Southeast Michigan, makes JJ Curran the #1 choice for heavy lifting.

### **Expert staff of field engineers, operators and mechanics**

What differentiates JJ Curran Crane from the competition are the skilled and experienced staff. JJ Curran's field engineers and operators are guaranteed experts in coordinating every detail of a lift to ensure safety and efficiency. Staff members participate in continuing education, safety classes, new certifications and more.

### **Comprehensive fleet of equipment**

JJ Curran Crane boasts a fleet of equipment to meet most heavy lifting needs in the Detroit and Southeast Michigan Region including:

- Full Range of Tower Cranes
- Crawler Cranes to 2,000 tons
- Telecrawlers to 242 tons
- All-Terrain Cranes to 450 tons
- Rough Terrain Cranes to 100 tons
- Full Range of Personnel & Material Hoists

## Award-winning safety record

Safety is the number one concern of JJ Curran Crane Company and their record proves it. Five JJ Curran Crane employees were named the 2017 winners of the Crane & Rigging Group Operator Safety Award – only 29 total were awarded. In 2016, JJ Curran was awarded both the Crane and Rigging Group Zero Accident and Group Safety Improvement Awards. Since 2010, JJ Curran Crane has been awarded more than 12 awards for outstanding safety records achievement.

## Leader in heavy lifting technology

JJ Curran Crane ensures success of their operation by relying on their technology partner, Fleet Cost & Care. The technology developed by Fleet Cost & Care was designed by and for the heavy equipment rental industry. The system helps JJ Curran enhance productivity, maximize asset utilization, reduce downtime and ensure customer satisfaction.

## Commitment to the community

After more than 65 years in Detroit, JJ Curran Crane has left their mark on the infrastructure of the city. From the Detroit Free Press Building to the Little Caesar's Arena, JJ Curran cranes have helped to lift and erect some of the most iconic structures in the Detroit and Southeast

Michigan region. JJ Curran Crane also dedicates time and money every year to support the youth of the city in athletics and extracurricular activities – including the Huron Little League Baseball Team, The Boy Scouts of America, the Motor City Hawks Junior Hockey Team and much more.

## Customers keep coming back

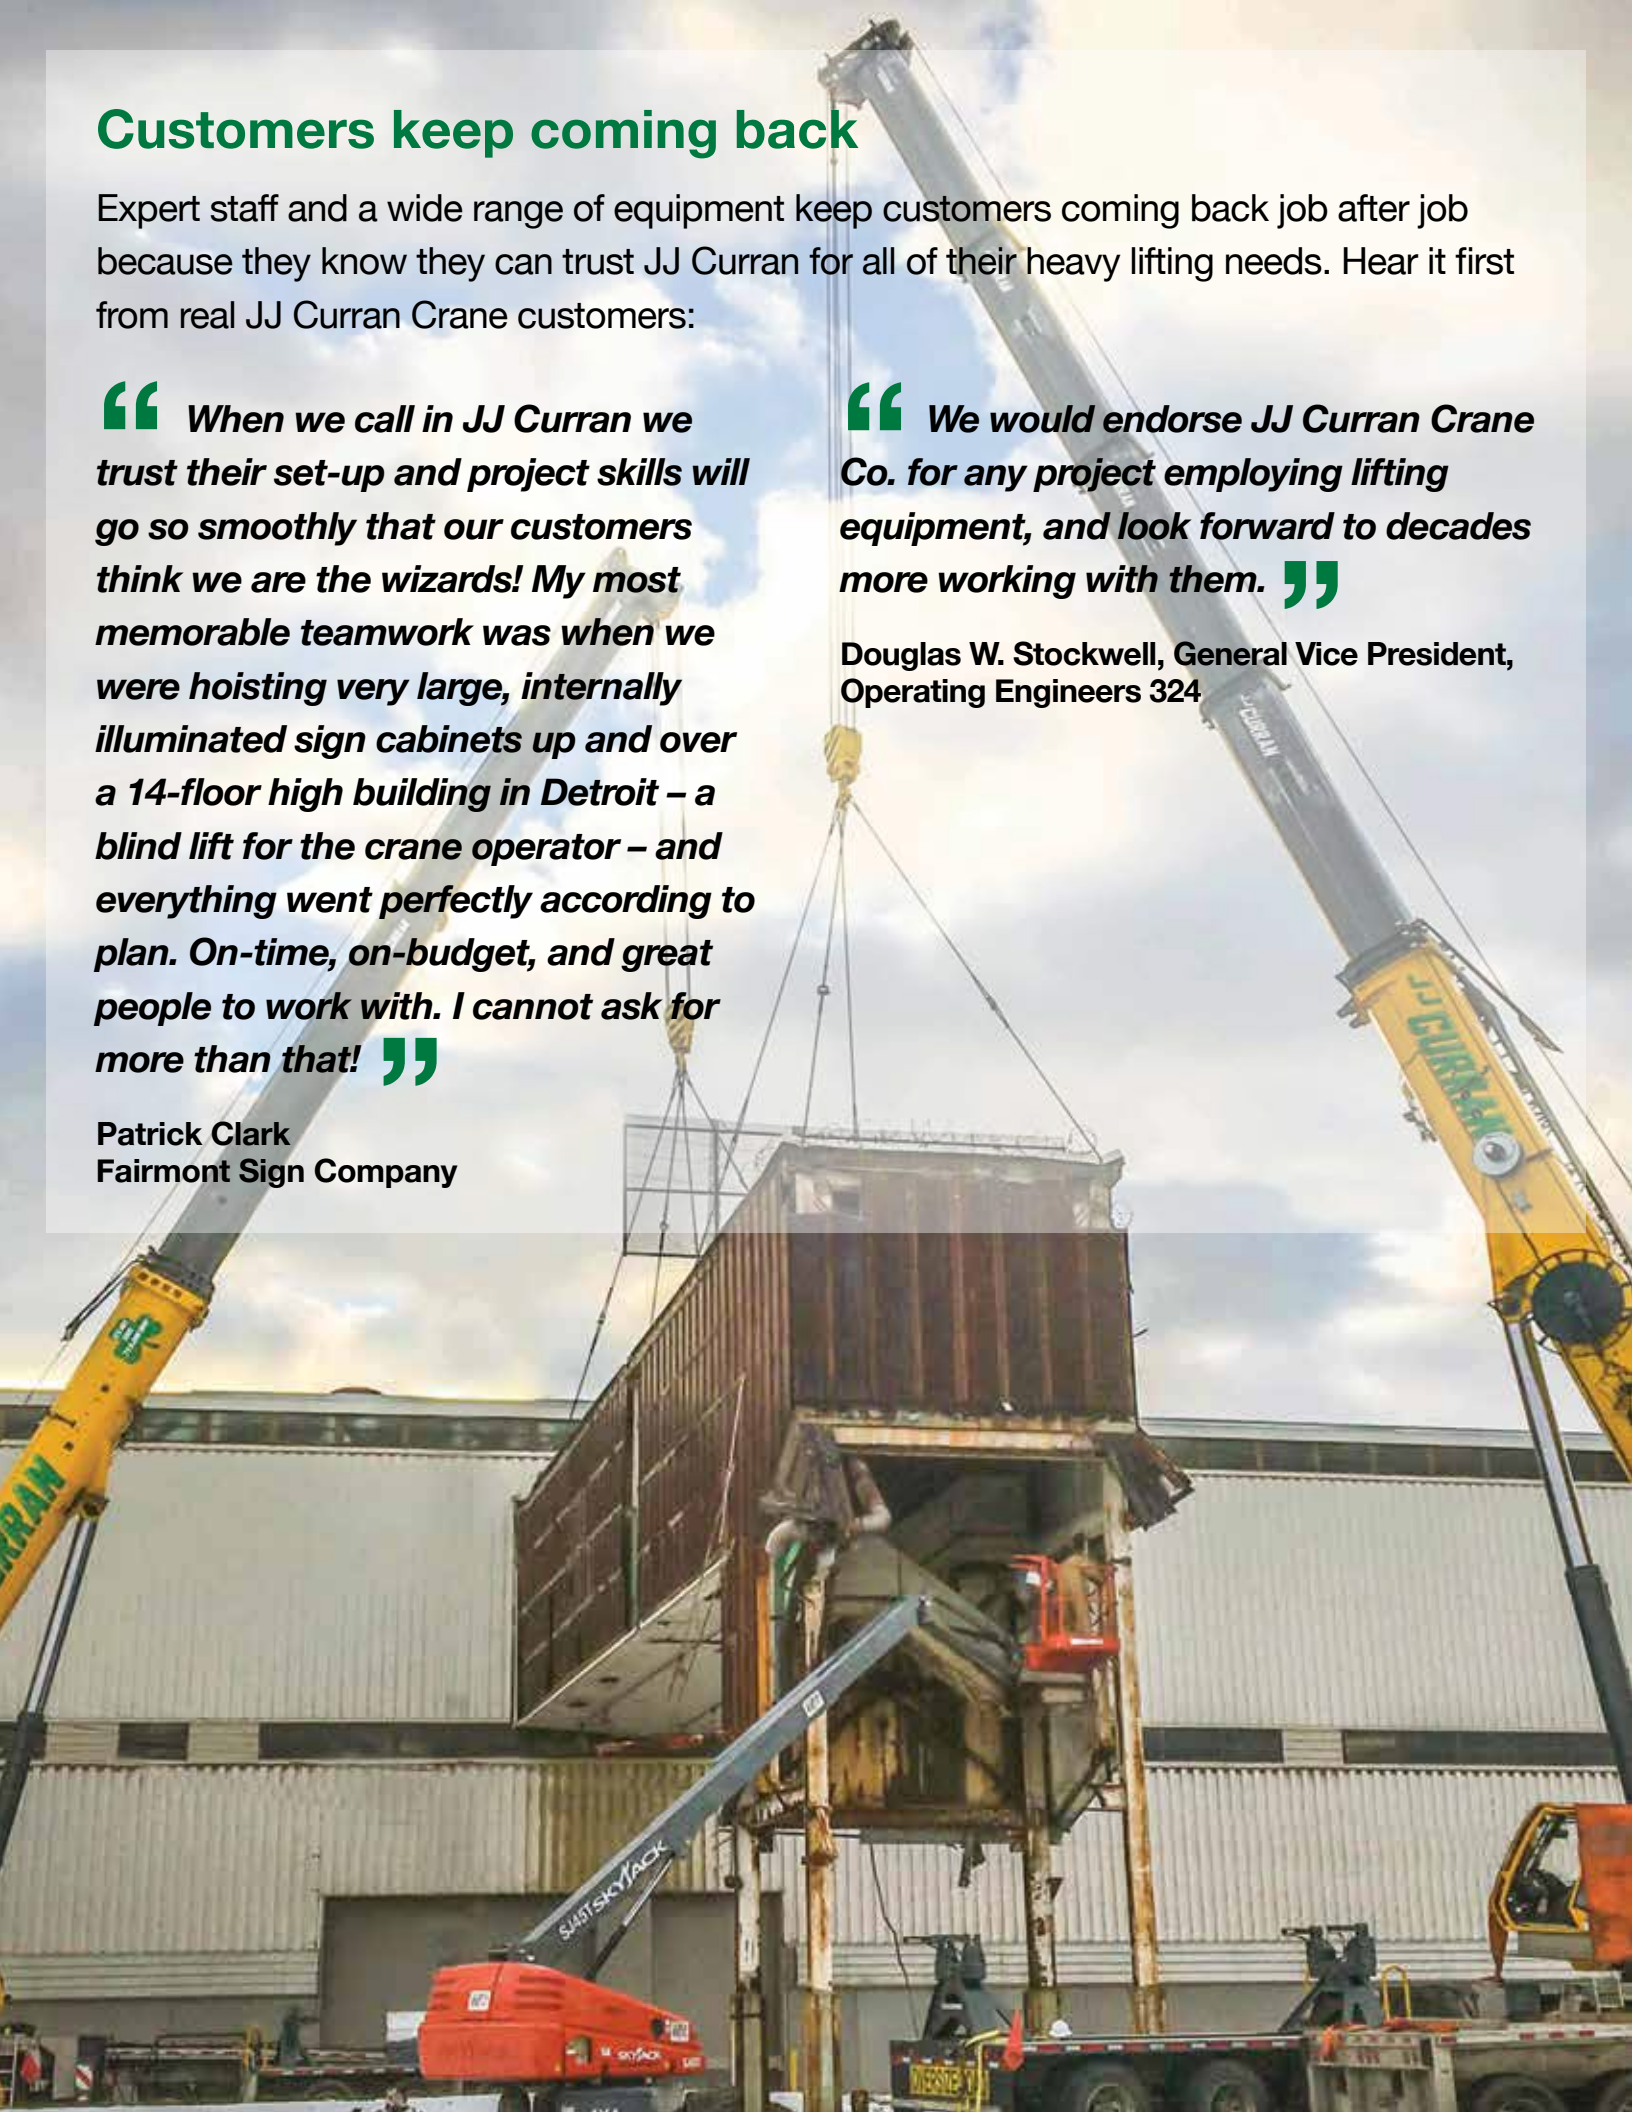

Expert staff and a wide range of equipment keep customers coming back job after job because they know they can trust JJ Curran for all of their heavy lifting needs. Hear it first from real JJ Curran Crane customers:

**“** *When we call in JJ Curran we trust their set-up and project skills will go so smoothly that our customers think we are the wizards! My most memorable teamwork was when we were hoisting very large, internally illuminated sign cabinets up and over a 14-floor high building in Detroit – a blind lift for the crane operator – and everything went perfectly according to plan. On-time, on-budget, and great people to work with. I cannot ask for more than that!* **”**

Patrick Clark  
Fairmont Sign Company

**“** *We would endorse JJ Curran Crane Co. for any project employing lifting equipment, and look forward to decades more working with them.* **”**

Douglas W. Stockwell, General Vice President,  
Operating Engineers 324
